100 GRAND

(100 WORKS OF ART FOR \$1,000 OR LESS)

NOVEMBER 28, 2022 – JANUARY 23, 2023

OPENING RECEPTION:

1ST THURSDAY, DECEMBER 1ST | FROM 5-8pm

SANTA BARBARA, CA - Sullivan Goss is pleased to announce the **FOURTEENTH annual 100 GRAND exhibition**. Featuring 102 quality works of art for \$1,000 or less, the exhibition has become an incubator of emerging talent, an entryway for beginning collectors, a holiday celebration in the art community, and an ever timely reminder that everyone's life is improved by the addition of original works of art.

The works will go on sale MONDAY, NOVEMBER 28th at 9:00am. Those who subscribe to the Gallery's e-bulletin service will get a reminder. Everything will go live on the website at the same time that the doors open. Those who wish to inspect the work in person will be let in on that Monday at 9:00am sharp. Crowd limits may apply. Works will be alphabetized by artist last name and spaced farther apart to facilitate social distancing. Last year, the gallery was astonished to see that almost 50% of the exhibition SOLD on the first day. Collectors and fans are encouraged to plan accordingly.

100 GRAND will feature paintings, drawings, photographs, assemblage and sculpture by emerging and established artists that are priced to sell and sized (for the most part) to fit into smaller spaces. For this year's exhibition, Contemporary Curator Susan Bush was able to secure work from many of last year's best-selling artists, but there are many new artists who have never before shown with Sullivan Goss.

With 100 GRAND, new and younger collectors can begin to acquire and learn about original art from a serious gallery at an affordable price. With emerging artists, collectors get an opportunity to "get in on the ground floor." For the gallery's regular roster of successful, mid-career artists, collectors get an opportunity to buy works below market rate. For these reasons, sales are usually brisk. Since it's first come first serve, buyers are encouraged to arrive early and to act fast.
